

Dear Parents/Carers

SECONDARY SCHOOL BASED FLU IMMUNISATION SESSIONS

NHS England plan to offer all children in Years 7-11, in all secondary schools, the flu vaccination which is administered **by a nasal spray not an injection**. The immunisation team will visit our school on **Friday 26 November** to administer the flu immunisations.

Please complete the e-consent form to show whether you are giving consent for your child to have the flu immunisation or not. Even if you are not giving consent it is essential that you complete the e-consent form.

Please see below the information that the immunisation team have asked us to share with parents. If you have further questions about the flu spray please use the contact details shown below for the immunisation team.

For the school year starting September 2021 we will be continuing with the e-consent for the Flu Programme. This year we will be offering the Nasal Flu vaccination to children in **Years; 7, 8, 9, 10 and 11. When completing the e-consent please state the year group your child will be in at the beginning of the school year September 2021.** Please visit

If you wish to decline the Flu spray due to the porcine element we may now be able to offer an alternative injectable Flu vaccine that does not contain porcine. Please complete the consent form as a decline (due to porcine) and we will then contact you to arrange vaccination. For more information please contact the team as below.

Your unique school code for **Tupton Hall School** is **DD146099**
